

Summary

I have been studying the Business Administration major at FPT University, which brought me advanced skills in the economic field. I highly would like to experience and work for a company with a professional and cordial environment. Besides, I have a hard-working attitude, a willingness to learn new things and want to challenge myself. So, I believe I have enough quality to apply for our company as a long-term employee.

Education

FPT UNIVERSITY

Major: Business Administration

SEP 2020 - NOW

BINH LONG SPECIALIZED AND GIFTED HIGH SCHOOL

Specialized Math, average score 9.3
